A Frey & Winkler invention - it was created with durability and simplicity in mind. Pad arms are constructed from a single piece of metal – gone are the days of soldering joint breakage. What's more, the wires are thin and the loops are almost invisible. Nose pads are hooked onto the loops effortlessly and have a sleek finish.

Pad arms come in a variety of materials depending on bending requirement and function with metal and acetate frames. They can be paired with silicone or PVC pads in different sizes and shapes for the greatest flexibility and fit.

Pad arms

The pad arms are one-piece constructions, thus having no risk of soldering breakage. The box is less visible and so is the pad arm with a diameter of only 1.0 mm.

Different bendings available in different materials:

Silicone Pads

Shape	Item No.	Size [mm]	Width [mm]	Thickness of shield [mm]*	Length of neck [mm]	Remarks
	6727	9.0	9.0	2.3	1.1	
	61198	13.0	7.0	1.9	0.9*	* Ultra-thin pad with reduced neck, designed for thin frames
	6842	13.0	7.0	2.3	1.1	
	61019	14.0	6.8	2.0	1.1	
	6585	15.0	7.9	2.4	1.1	
	6450	17.0	8.6	2.3	1.1	* on demand, please ask for MOQ
	6503	19.0	9.6	2.4	1.1	* on demand, please ask for MOQ

PVC Pads

Shape	Item No.	Size [mm]	Width [mm]	Thickness of shield [mm]*	Length of neck [mm]	Remarks
	60593	13.0	7.0	1.5*	1.1	*Ultra-thin pad
	6768	13.0	7.0	2.4	1.1	

As always, we are constantly updating our catalogue. More sizes and shapes to come.
