Qualified fit of acetate

Stainless steel pad arm & silicone pad

Do you want to upgrade the wearing comfort of your fantastic looking acetate frames? Our new Pocket system offers an interesting solution.

A one-piece pad arm construction made of stainless steel with rivets specifically for acetate frames combined with a silicone pad. It simply slides on the pad arm - and that's it! Also available with gooseneck bending for Asian noses!

Stylish acetate frames with outstanding comfort!

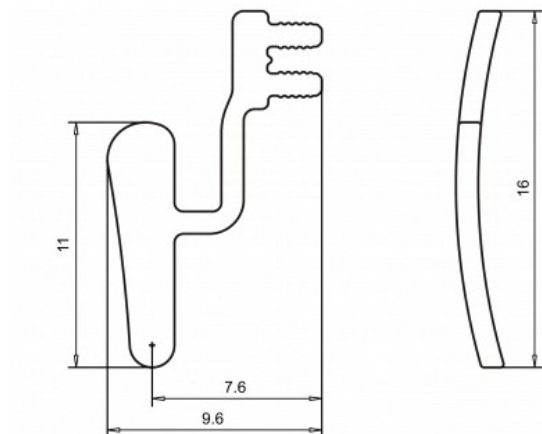

**100% Made in Germany in our own facilities
and with tested materials only**
