The very best for kids' frames- for smiling children's eyes.
Thanks to our temple tips for kids, the frames survive the wildest adventures!

Sportflex temple tips make children frames as safe, as comfortable, as non-obstructive, and - above all - as colourful as possible.

Continuing the success of this market-proven temple tip, F&W extended its product portfolio by a new slimmer and more elegant design. We offer a huge colour selection: princess pink, dragon slayer green or pirate black - something for each liking.
